First day back: 6/1/20

## Event Dates

### Easter Bingo

5/4/19

Have a  
**GREAT**  
Easter!

### Challenge Homework

Thank you to all the families that took part in the Challenge Homework this term. This term we have had an amazing response! There were 29 Easter Hats made and brought into school- what a FANTASTIC response. The children seem to have really enjoyed taking part (as well as many of the adults!). The quality of the hats has been brilliant.

There had been some really creative ideas and the presentation of the work was excellent. It was a real challenge for the Pupil Leadership Team to pick 3 favourites (I am glad that I didn't have to!) as they were all such high quality. However, they chose 3 and they were created by: Amelia, Lacey & Molly.

An amazing effort from so many families!

### Presentation Shields

At the end of term we have awarded the presentation shields to children who have stood out for their effort over the term. These are really prestigious awards and only 4 children are able to achieve them at the end of every term for specific positive character traits. The children and the adults are all involved in nominating and selecting the person who the shield is awarded to.

This term the shield winners are:

|                          |                    |
|--------------------------|--------------------|
| Excellence - Lily - Rose | Endeavour - Violet |
| Community - Alfie        | Conduct - Abbie    |

Well done to all the children nominated and especially to the winners.

### House Point Competition

Well done to all the children in **DARWIN** for winning this term's house point competition this term - I hope you have enjoyed your non - uniform day.

### Reading challenge

Well done to the Seahorses for winning this week's home reading challenge and well done to Strafsh for coming out as overall term winners. **Please keep practicing at home.**

### Nut Free

In December the governor's made the decision for the school to become Nut Free. We have now taken advice from the local authority and have implemented a number of control measures to ensure allergies at the school are specifically catered for. The governing body has now agreed with the extra control measures in place that the school, after the Easter break, will again allow nuts and products containing nuts to be consumed.

We will continue to monitor all our allergy processes and procedures and keep you informed if any future changes occur. Thank you for your support.
